

Friday 6th October 2017 – Due in on Wednesday 11th October 2017

For your home learning task this week, we would like you to practise the formal method for addition that we have been looking at over the past week. If you are unsure of the method there is the calculation policy on the school website to help you remember.

Times tables

Everyone will be starting on their two, five and ten times tables. You will need to complete it all correctly three times to be able to move up to the next times table. Some of you are now moving onto your three times table. Completed times table sheets will be stuck at the back of home learning books. Try practising your times tables using songs or rhymes or just practising it on a sheet of paper, whichever way works for you! Times tables will be tested on the following Friday.

Spellings

This week for your spellings we would like you to practise words that have the /ei/ sound in them.

vein

rein

weight

eight

straight

they

grey

prey

neigh

sleigh

Practise these 10 words ready for the spelling test and put 5 of them into sentences. They can be as silly as you like! Spellings will be tested on the following Friday.
